

The ABG group of companies has been active for over 50 years and is now one of the most experienced property developers in Germany. With offices in Berlin, Frankfurt, Hamburg, Cologne and Munich, we deliver high-quality projects and offer the full spectrum of services throughout the entire life cycle of a property under one roof. Our inter-disciplinary teams ensure the long-term success and superior quality of our projects.

Our growing Frankfurt-based team is looking to appoint the following permanent staff member at the earliest opportunity:

ANALYST (M/W/D)

You will have a top class university degree in economics or real estate economics, ideally coupled with an additional property-specific qualification. You will have relevant professional experience in a comparable position and expertise in the transaction business, asset management and property valuation. We require in-depth experience in purchase contract and construction law, and in real estate feasibility analyses. Your strengths will include an analytical mind set, a meticulous approach to work and superb communication skills. We look forward to receiving your application.

DUTIES INCLUDE:

- » Qualitative and quantitative analysis of incoming offers for on-market/off-market deals
- » Creation of cash flow models
- » Creation of investment decision-making materials
- » Communication with prospective investors, real estate vendors and brokers
- » Collaboration on purchase contract negotiations
- » Co-ordination of commercial due diligence processes
- » Control of external due diligence teams as part of the purchase process
- » Planning, controlling and development of property-specific strategy
- » Processing of financing applications
- » Creation of market research presentations and monthly reporting

IF THIS POSITION IS OF INTEREST TO YOU:

Please send us your detailed application including proposed salary and earliest start date by e-mail to Julia Dräger (julia.draeger@abg-group.de). Julia Dräger is also happy to answer your questions by telephone on 069 2470 5100.
